Start your child's reading journey!

A passion project of Ohio Gov. Mike DeWine and First Lady Fran DeWine, in collaboration with Dolly Parton's Imagination Library, OGIL provides Ottawa County children from birth up to their 5th birthday, regardless of family income, with a new book each month at NO COST to the parent or provider. Studies have shown that improving early literacy leads to better education and training, improved employment outcomes, less poverty, and reduced crime. The books, which are mailed directly to each child, are selected by a panel of early childhood literacy experts.
